Prima di iniziare il montaggio studiare attentamente il disegno. Staccare con molta cura i pezzi dalle stampate, usando un taglia-balsa oppure un paio di forbici e togliere con una piccola lima o con carta vetro fine eventuali sbavature. Mai staccare i pezzi con le mani. Montarli seguendo l'ordine delle numerazione delle tavole. Eliminare dalla stampata il numero del pezzo appena montato facendogli sopra una croce. Le frecce nere indicano i pezzi da incollare, le frecce bianche indicano i pezzi da montare senza colla. Usare solo colla per polistirolo. Le lettere (A - B - C...) ai lati dei numeri indicano la stampata ove si trova il pezzo da montare. I pezzi sbarrati da una croce non sono da utilizzare.

Istruzioni per l'applicazione delle decalcomanie. Ritagliare le decalcomanie occorrenti dal foglio, immergerle in un bicchiere di acqua pulita per circa 20°, metterle in posizione sul modello e farle scivolare dalla carta; per una migliore aderenza comprimerle con una pezzuola pulita.

Direction for applying the decals: cut the required decals out of the sheet; dip the into a glass of clean water for about 20°; position the decals on the kit, letting them slide from the paper. For a better adhesion, press them by means of a clean rag.

Påsättning av decaler: klipp ut den decal som ska användas och doppa den i ett glas vatten under en 20°. Sätt decalen på plats på modellen och låt den sätta glida av pappret. För att den ska sitta ordentligt, tryck till med en torr duk.

Anweisungen für Abziehbilder-Anbringung: Die benötigten Abziehbilder vom Blatt abscheiden, in ein Glas reines Wasser für etwa 20° eintauchen, auf das Modell legen und dann vom Papierbogen abnehmen. Um eine bessere Haftung zu erzielen, die Abziehbilder mit einem reinen Tuch andrücken.

Instruction pour l'application des décalcomanies. Couper les décalcomanies choisies et les plonger environ 20° dans un peu d'eau propre. Les placer sur le modèle en les faisant glisser de leur feuille et presser avec un morceau de chiffon pour éliminer les bulles d'air.

Instrucciones Para la aplicación de las calcomanías: cortar las requeridas, sumergirlas en un recipiente de agua limpia durante 20°, colocar las calcomanías sobre el modelo, haciéndolas deslizar sobre el papel. Para una mejor adherencia, presionarlas con un trapo limpio.

Transfers: knip het benodigde deel uit, dempel et ca. 20° onder water, oudt het transfer tegen het model en schuif het vanaf het papier op zijn plaats. Met een schoon doekje aandrukken.

デカール使用法：一枚のシートから、必要なマークを切り取ります。ぬるま湯(20秒くらい)に20秒くらいつけます。引き上げます。マークをそのままにして、紙から取り、指定の位置にはってください。やわらかな布でマーク上を押して気泡を取ってください。マーク面には、かわりまで手をつれないでください。

Указания по применению декалей: Отрежьте нужную вам часть декалей от общего листа, поместите ее на 20° минуты в теплую воду, затем, выбрав необходимое место на модели, переведите туда изображение, сдвинув его с бумажной основы. Для лучшего прилипания промакните декаль чистой тряпочкой.
